## 1. Website

The domain [www.refuge-ed.eu](http://www.refuge-ed.eu) has been purchased for the project website. A work in progress version of the website can be accessed here: [https://www.refuge-ed.eu/home/?ign\\_skip=5318883488555](https://www.refuge-ed.eu/home/?ign_skip=5318883488555)

The website is still being constructed and the online version as of the 31<sup>st</sup> of March 2021 is still work in progress. The full website will be available from 12. April on [www.refuge-ed.eu](http://www.refuge-ed.eu)

The MHPSS Collaborative (STCD) is responsible for developing the website with input from all partners. The site itself is being built by external partner ARTTIC.

### GDPR and safeguarding of children

The website will collect and display personal information. Through cookies, sign-up for newsletter etc. Personal information will be gathered. Users are informed about this and can opt out.

The website and other public communication from the project will contain a limited amount of photos of children. All photos are carefully sourced and curated with the safeguarding of children. All stock photos originate in Save the Children International's image library, which has strict safeguarding policies, including obtainment of retractable consent from both children and their guardians.

At a later stage in the project, pictures from the project, pilot sites etc. May be featured on the website. Written consent will be gathered for this purpose.

Photos of children used in the project will never show children or adults in distressed or undignified situations.

### Content

  - Depending on emerging needs, contact forms for each partner responsible for pilot sites can be created for a more direct line of communication on the local pilot site level.
- Brokering Knowledge Platform
  - This will be a mini-website to store knowledge and resources resulting from the project.
  - Structure and content format TBD (could be text, video, online training...). For now, we need a simple page to explain that what the BKP will be for and that it will be made available at a later stage.

The abovementioned content is what is envisioned and developed at the time of writing. The content might be changed due to changes in needs of the website during the duration of the project.

## 2. Visual identity and navigation

A visual identity has been developed for the project, and the website follows this identity. The goal of the visual identity has been to strike a balance between a professional look that shows the seriousness of the project and at the same time feels playful and inviting for the beneficiaries of the project.

Please see screenshots of the website (screenshots captured on 27th March 2021) for an impression of the visual identity below.
